# SIX PER CENT INSTEAD OF FOUR PER CENT FOR SHORT TIME MONEY

Many people move to Phoenix with money to invest, but because of not knowing conditions and values hesitate to loan it until they have studied conditions a while. Naturally they want the money to be earning something during the waiting period, and they use a Savings Account or a Bank Certificate of Deposit at four per cent for the purpose.

The Gold Notes of this Company are Certificates of Deposit by another name and they pay six per cent interest, a clear gain of two per cent, with equal safety and accessibility. This Company is one of the largest capitalized in the State and has been doing a successful business and is officered and directed by ten of the prominent men and bankers of the state. Why not get all the interest your money will bring while looking for a permanent investment?
